HOW TO SET UP LEGAL ENTITIES

# COUPA SUPPLIER PORTAL (CSP) USER GUIDE

Version 1.0 (December 2021)

## HOW TO SET UP LEGAL ENTITIES

You can set up your account to create electronic invoices from the Admin > Legal Entity Setup page. You can add, manage, or deactivate legal entities, or manage remit-to accounts.

You can provide more remit-to accounts and add this information to your legal entities so that your customers can use different payment methods when working with you.

### View and manage legal entities

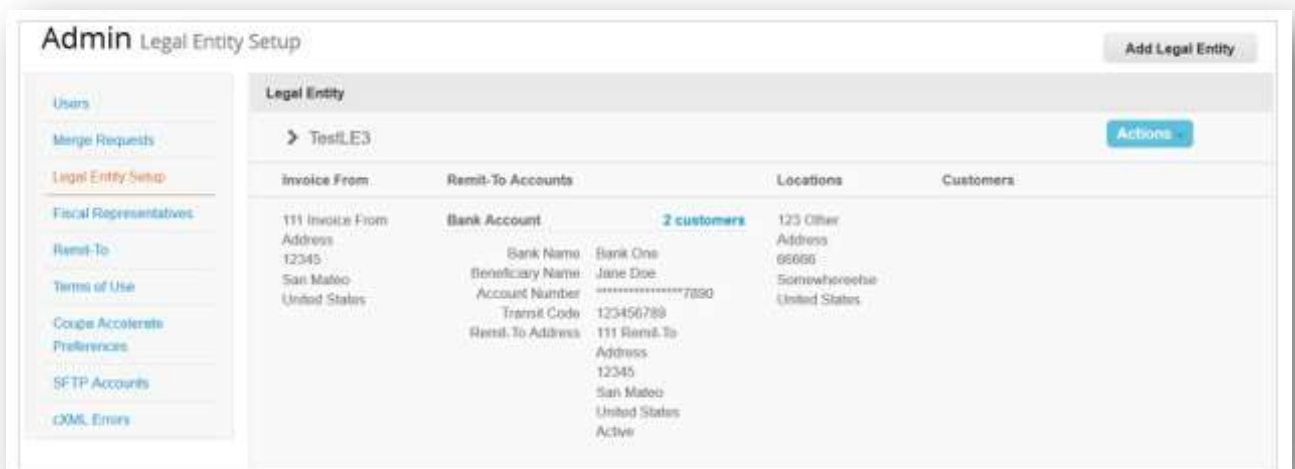

On the left of the Admin page, click on the Legal Entity Setup link.

If you have three or more legal entities, they are collapsed. To view their details, click on the Down arrows.

Each legal entity has the following sections:

- Invoice From
- Remit-To Accounts – Can be of type: Address, Bank Account, or Virtual Card.
- Locations
- Customers – The name(s) and number of customers that you provided with the specific legal entity are also shown. Hovering your cursor over customers displays the name(s) of the customer(s) associated with the legal entity.
