Recommendations of the Task Force on Climate-related Financial Disclosures (TCFD) Reference Index Reporting Year 2023

Wintershall Dea welcomes the goals set out by the Task Force on Climate-related Financial Disclosures as climate change mitigation brings major change for the oil and gas sector. The table shows the sections and subsections in which the relevant information can be found. The table is divided into four key areas in line with the TCFD recommendations: governance, strategy, risk management, and metrics and targets.
