MANAGER SUPPLY CHAIN GOVERNANCE (M/F/D)

HAMBURG, GERMANY

LOCATION

Hamburg, Germany

STARTING DATE

As soon as possible

CONTRACT TYPE

Permanent

DEPARTMENT

Procurement Governance, Processes & Tools

WORKING HOURS

Full-time

REFERENCE CODE

DEBA33

What you can expect

- Define, align and roll-out Wintershall Dea's warehousing and logistics approach globally – in terms of process, master data and systems
- Drive inventory consolidation and integration with procurement processes
- Integrate Wintershall Dea's supply chains end-to-end, from "maintenance plan" to "arrival on the platform"
- To be on the forefront of supply-chain-advancement, both in terms of innovation and digitalization
- Have a bottom-line, measurable impact on the company's future warehousing and logistics set-up
- Act as the key Business Partner between Global Procurement and BU warehouse and logistics operations
- A truly new role with a great opportunity to shape and deliver improvements with strong management backing

What we expect

- Pragmatism and conceptual skills, while caring for the detail
- Persuasion and persistence
- Change-awareness and strong communication skills
- International-minded character with fluent verbal and written English skills
- Affinity to and experience with ERP systems, including SAP (MM / PM)
- Preferred operational background, ideally in logistics and warehousing and with strong commercial mindset
- Willingness and passion

We offer

- A key role in a truly global function
- A diverse and passionate team environment, embedded in a global network of supply chain professionals
- A platform to learn and self-develop, but also ample opportunity to bring in the experience of a previous technical career

Who we are

With the merger of Wintershall and DEA Deutsche Erdoel AG, two successful companies with a long tradition have formed Europe's leading independent natural gas and oil company: Wintershall Dea. The company with German roots and headquarters in Kassel and Hamburg explores and produces gas and oil in 13 countries worldwide in an efficient and responsible manner. With activities in Europe, Russia, Latin America and the MENA region (Middle East & North Africa), Wintershall Dea has a global upstream portfolio and, with its shares in natural gas transport, is also a leader in the midstream business.

Wintershall Dea stands for more than 120 years of experience as an operator and project partner along the entire E&P value chain. The company employs around 4,000 people worldwide from over 60 nations. The company plans to increase its average daily production from around 590,000 barrels of oil equivalent to a range of 750,000 barrels in the period between 2021 and 2023. In the medium term, an initial public offering of Wintershall Dea is envisaged.
