What you can expect

The rotational programme in the field of Finance offers you an opportunity for an 18-months initial development phase with an unlimited hiring at Wintershall Dea at our headquarters in Hamburg. You will work with your personal mentor, an experienced colleague from this field, to determine the course and areas of emphasis of your individual programme, taking your interests and your knowledge, skills and abilities into account.

- You will get to know our Corporate Finance, Treasury, Economics, Risk Management and Planning and Performance Management departments based on challenging tasks, which you will perform on your own responsibility.
- You will perform financial management assessments of our worldwide gas and oil activities and support the dividend, finance and liquidity planning.
- You will contribute to improving the controlling and risk processes of Wintershall Dea as part of projects.
- You will spend at least three months working on a challenging project at one of our business units abroad.
- To expand on your personal and professional skills, you will participate in seminars and workshops on the subject of introduction to the gas and oil industry, project management and/or presentation techniques.
- You will be an integral element of our team right from the start and will develop toward the target function that is right for you.

We offer

In our flexible and individual rotational programme in Finance we will immediately begin preparing you for future assignments by giving you challenging tasks, exciting projects and responsibility - also abroad! You will gain insights about your own competencies and further your personal development. In addition, you can expect a quick integration through networking events, a variety of seminars and continuous support by a personal mentor. You can expect responsibility from day one in a challenging work environment and "on-the-job" training as part of a committed team. Become a part of our international team and start your future now!

What we expect

We are looking for committed and dedicated graduates who impress us with their personal initiative, flexibility and willingness to relocate. You impress us through the following minimum requirements:

- Master's degree in business and economics or related studies with above-average grades.
- Initial practical experience in subject areas of financial management (e.g. company valuation and financing).
- At least three months spent abroad (in the form of a semester studying abroad or internships abroad).
- Fluent English language skills (at least level C1); additional foreign language skills are a plus.
- For your work on international projects, you have intercultural skills.

Who we are

With the merger of Wintershall and DEA Deutsche Erdoel AG, two successful companies with a long tradition have formed Europe's leading independent natural gas and oil company: Wintershall Dea. The company with German roots and headquarters in Kassel and Hamburg explores and produces gas and oil in 13 countries worldwide in an efficient and responsible manner. With activities in Europe, Russia, Latin America and the MENA region (Middle East & North Africa), Wintershall Dea has a global upstream portfolio and, with its shares in natural gas transport, is also a leader in the midstream business.

Wintershall Dea stands for more than 120 years of experience as an operator and project partner along the entire E&P value chain. The company employs around 4,000 people worldwide from over 60 nations. The company plans to increase its average daily production from around 590,000 barrels of oil equivalent to a range of 750,000 barrels in the period between 2021 and 2023. In the medium term, an initial public offering of Wintershall Dea is envisaged.
